When emergency strikes

Backlander™ Emergency Field Beds Engineered for Rapid Response

In border operations, disaster relief, and emergency shelters, response time is critical. The Backlander™ line of field beds provides the perfect balance of durability, comfort, and deployment speed – designed to keep personnel and sheltered populations mission-ready under the harshest conditions.

Single Bed Compact & Reliable

The Backlander™ Single Bed is built for mobility and endurance. Its flat-folding design ensures maximum shipping and storage efficiency, while its robust steel/aluminum frame supports up to 600 Lbs. (275 kg). With a built-in antibacterial mattress, responders and evacuees can rest safely and recover effectively, even in extreme environments.

Key Benefits:

- **Tool-free** setup in **minutes**
- Lightweight (30 lbs / 14 kg) with carry bag
- Hygienic, comfortable antibacterial mattress
- Folds compactly for efficient transport & storage

General Information

Bed Weight	30lbs	14kg
Weight Capacity	600lbs	275kg
OPEN BED DIMENSIONS		
Length	78.74"	2m
Width	27.56"	70cm
Height	17.72"	45cm
FOLDED BED DIMENSIONS		
Length	41.34"	1.05m
Width	29.53"	75cm
Depth	7.28"	18.5cm
CARRY BAG DIMENSIONS		
Single	42" L x 8" W x 30" H	106cm L x 20cm W x 76cm H

Bunk Bed – Space-Saving Deployment

When operations demand capacity, the Backlander™ Bunk Bed doubles sleeping space without expanding the footprint. Two singles easily connect into a stable, tool-free bunk system, tested to military standards. Ideal for temporary shelters, detention facilities, and rapid field deployment.

Key Benefits:

- Maximizes space efficiency in shelters & camps
- 600 lbs (275 kg) capacity per bed
- Quick, intuitive, no-tool assembly
- Modular flexibility: use as singles or bunks or triple
- Stable, safe design with optional protection barrier
- Folds compactly for optimized logistics & storage

Why Backlander™?

- Trusted worldwide by defense forces, NGOs, and emergency response units
- Folds compactly – reducing shipping costs & streamlining logistics
- Provides essential comfort and hygiene in mission-critical environments
- The only bed in the emergency world that allows comfortable sleeping on a flat surface
